About Us

Since December 1997, A plan has provided its clients with quality industrial installation contracting and human resources management services.

Whether the installation of industrial machinery and equipment or their commissioning, A plan offers you the many advantages that come with a highly qualified and experienced team—one that works closely with you to deliver the results you envision. In addition, we provide professional plant maintenance management.

Centrally located in Switzerland, A plan is the preferred partner of many reputable companies for challenging projects throughout Europe.

Our Philosophy

Our employees are our biggest asset!

Our employees are our biggest asset!

Each one of them is individually motivated and committed to using personal knowhow and skills to serve your needs. Their loyalty to our company and dedication to our objective of giving our clients our all are the keys to your success, and finally our existence.

Our business partners know they can expect quality work, fairness and transparency from us.

A plan strives, working closely with our clients, to find the best individual solution for each project, which explains why the partnerships with our clients are long-term. The enduring confidence both our clients and our employees have in us tells us we're doing things the right way.

Thanks for your continued confidence!
